Charge Level Check

Note: Your battery is designed to last the life of the product. It should only be removed by a recycling facility. Any attempt to remove or replace your battery may damage the product and void your warranty.

Reset

Turn off Bluetooth for all connected devices. Turn off the wireless earbuds, then press and hold ● and both volume buttons until the status light shows alternating red and blue for five times. You'll hear a tone.

Hubble Connect™ for VerveLife™

Hubble Connect for VerveLife can greatly enhance your earbud experience. Download app for free at the App Store® or Google Play™ (Android™ 4.3 or higher)

- **Locate a lost earbud:** Locate on a map the last time your earbud was connected to your device.
- **Voice Prompts (Android only):** Choose either English voice prompt or tone.

Use this product responsibly

VerveLoop is designed to give the user great sounding wireless earbuds. However the product should be used responsibly.

Safety instructions for use

To avoid hearing damage, keep the volume at a moderate level. Avoid listening to music at loud volume levels for prolonged periods of time as this may cause permanent hearing damage or hearing loss.

Your hearing is delicate and highly sensitive so please listen to your music responsibly. For more information visit the Deafness Research Foundation www.drf.org

Don't use VerveLoop when it is unsafe to do so. For example, while operating a vehicle, cycling, crossing a road, or any activity which requires your attention and ability to hear.

You should be aware of your surroundings and use VerveLoop responsibly.
